

Newborn Questionnaire

These are the questions I send out 3 weeks before their due date to help me plan their session!

1. Gender of baby or babies
2. What is your baby's name? (Only for session information, I won't tell if you're keeping it a secret!)
3. Weight and length of baby or babies (please update this once baby comes!)
4. Any medical problems or family issues I should be aware of?
5. Do you have any specific colors that you would like to be used if possible?
6. Any colors you dislike or don't want used?
7. Does your child's nursery have a theme? What colors are used?
8. Would you like a family photo during the session?
9. Will you be bringing other children to your session? If so, would you like a sibling photo? and what are the ages of any siblings? Please know, very young siblings can be difficult to photograph with newborns so certain poses may not be possible with very young siblings. Also, the newborn session can take 2-3 hours so if siblings are very young I recommend having someone take them home after they are done with their photos.
10. The Froggy pose...yes or no? This pose is the most complicated and takes the most time, so if parent's don't like it we certainly won't spend our time doing it and will focus our time on photos you do like! It's the pose with the baby's chin in their hands and the feet out front. Keep in mind, not all babies will tolerate this pose easily. If a baby doesn't tolerate a specific pose, I never force them.
11. Do you have any poses you would rather not do? You won't hurt my feelings ;)
12. I have a very specific workflow to my newborn sessions that ensures the best possible photographs of your newborn. While it does require me to do things a certain way, I do want to know if you have specific requests. I will always do my best to accommodate requests if possible. If you have any specific requests not covered above, please list them below. **I set up for newborn sessions in advance and I may not be able to accommodate last minute requests so please let me know ahead of time.
13. Is there anything else you would like me to know?
